

## **Show and Tell**

Can you find the rhyming words in this poem? Say the words aloud.

Can you spot what is special about the way the names are ordered?

Read this poem aloud, perform it to someone else in your house, or make an audience of toys to perform to!

This poem reminds me of a game I used to play when I was your age. I tried to think of a girls name, a boys name, a country, a food and a pet beginning with each letter of the alphabet!

Example:-

My name is Amanda, my brother is Adam, we live in America eating apples with our pet anaconda!

Can you do this for each letter of the alphabet?

CLUE there is only 1 country that begins with Q, and no country begins with X. There is a famous imaginary place called Xanadu that is in a poem written by Samuel Taylor Coleridge called Kubla Khan. You can use Xanadu for X to complete your poem.
