Creating media - making music - Year 2

Making digital music with a computer

vocabulary we will be using

feelings + and emotions	How music makes you feel - happy, sad, dancing.
pattern	Repeated sounds in music.
rhythm	A sound pattern which can be repeated to a regular beat.
beat	A steady, repeated musical pattern.
pitch	High or low musical sounds.
tempo	The speed of music.

2
Rhythms and patterns

We will use Chrome Music Lab to explore rhythm and pattern!

https://musiclab.chromeexperiments.com/Rhythm/

1
How music makes us feel

We will be thinking about how music makes us feel – does it make us want to dance? Does it make us feel happy, sad or angry?

Gustav Holst – "Mars"

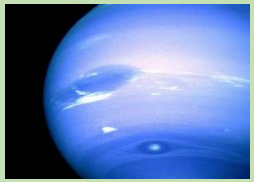
Pete Tong orchestra

Jeff Wayne – "War of the worlds"

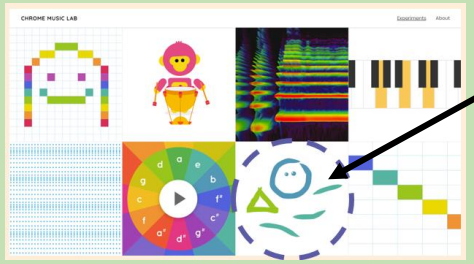
3

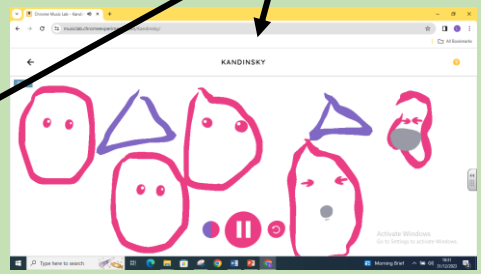
How music can be used

How does Gustav Holst's music "Neptune" make you feel? What does it make your mind see?



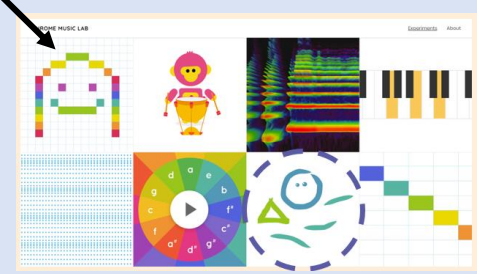
Use "Kandinsky" on Chrome Music Lab to make your own

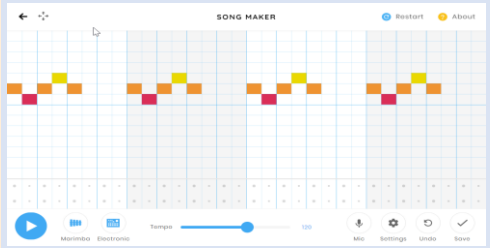




4

Notes and tempo

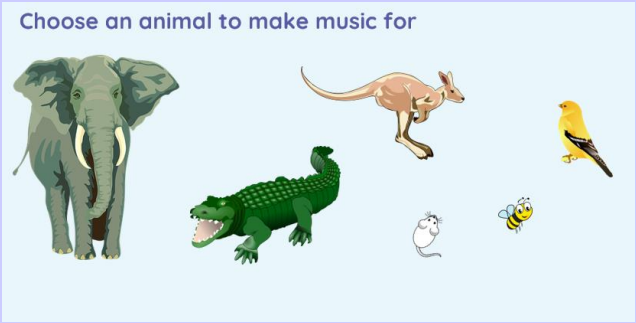


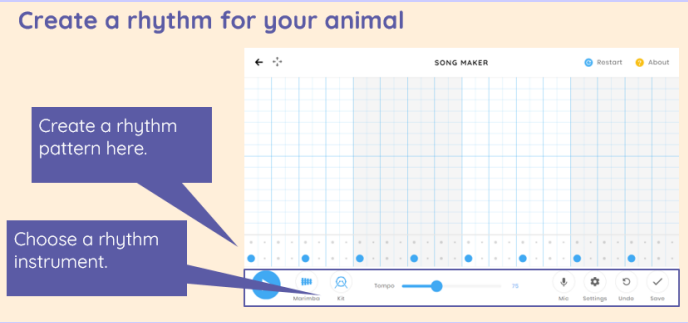


We will use Music Maker in Chrome Music Lab to put different notes together to make music!

5

Creating digital music





What animal will you choose?
